

required, as to claims 23 and 28, to elect a target cell population. Applicant elects metastatic cancer cell target.

The species election is made with the understanding that it is required for searching purposes only and that all species will be considered should the generic claim be found to be allowable under 37 C.F.R. §1.141(a). Claims 1-24, 27-47 are believed to represent a grouping representative of the elected species.

Having made the election, Applicant expressly reserves the right to file one or more continuing applications on the subject matter of the non-elected claims.

Applicant is concurrently filing an Information Disclosure Statement, which includes PTO Form 1449.

Applicant is concurrently filing a Sequence Listing.

Amendments to the Specification begin on page 3 of this paper.

Remarks/Arguments begin on page 5 of this paper.
